Subject: Re: question

Sorry - I don't have any info regarding the settlements and future commitments by Cabot. I would guess that they have not shared this info with anyone at EPA. Seems like a fair question for residents.

Subject: question

Good morning Kelley,

We were talking and wondering if Cabot had offered continued GW monitoring in Dimock under new settlement terms. Did you hear anything from  or others? Basically is someone going to monitor GW once activities re-start in the 9 sq mile area?

We are considering calling some of the residents and asking but wanted to check with you first.

Thanks

Karl
